Nurseries

1955

Eastview
N.Y.

HOWARD C. TAYLOR, President

ANOTHER SPRING brings promise of more than usual beauty in gardens everywhere due to favorable growing conditions in 1954. We, at Rosedale, were never before so well equipped to serve you, having been growing more stock than ever before. We have just completed the most successful year in our 56-year history and with a completely trained staff and finest assortment of our own grown stock, we look forward to working with all our gardening friends in 1955.

Emphasis, as usual, will be on the most modern and safest methods of transplanting. The future of all Rosedale plants will be our concern.

The number of varieties we offer for your selection increases continually and there are now too many to list all in this catalog. We suggest that you come to the nurseries, see and select. There is nothing like a visit to Rosedale, and you are always welcome.

Howard C. Taylor
PRESIDENT

INDEX

We list here **some** of the items available in each category as an aid to locating types of material. Space does not permit listing each variety.

A New Development—ROSEDALE-in-DUTCHESS

173 acres at Millbrook, N. Y., are now devoted to growing stock and known as "ROSEDALE-in-DUTCHESS". As soon as stocks are complete, services and stock now available at Eastview will be available at this location, too.

In the meantime, stocks listed in this catalog may be ordered and will be delivered without charge to Rosedale-in-Dutchess about once weekly, where it may be picked up.

Rosedale-in-Dutchess is located on Crescent Road, directly off Route 44 in Mabbettsville, just 3½ miles east of Millbrook.

For Better Landscaping

HARDY • **PRACTICAL**
COLORFUL • **INEXPENSIVE**

Make your selection at the nurseries — An unusually large number of varieties and sizes are available this year. In fact, there are so many that we can list here only some of them. Visit the nurseries and become acquainted with the rest.

S—Slow Growing M—Moderate Growing F—Fast Growing

All Flowering Shrubs Are Bare Root (BR) Except Where Indicated B&B

Planting Instructions: Bare Root, Page 27; B&B, Page 26

Berberis Thunbergii • JAPANESE BARBERRY

One of the most frequently used hedge materials. Red berries in Fall.
15 to 18 in. 50c. each, \$45.00 per 100 | 18 to 24 in. 65c. each, \$60.00 per 100

B. Thun. atropurpurea REDLEAF BARBERRY

Very similar to B. Thunbergii except for the ever-colorful leaves which are bright red in the Spring; purple red in the Summer and blazing scarlet in Fall. Also berries heavily.

15 to 18 in. 75c. each, \$70.00 per 100
18 to 24 in. 90c. each, \$85.00 per 100

Calycanthus floridus SWEET SHRUB

This lovely, old-fashioned shrub with its chocolate-colored blossoms is a must for every garden. It derives its name from the spicy fragrance of the leaves and bark.

18 to 24 in. \$1.25
2 to 3 ft. 1.75
3 to 4 ft., heavy, B&B. \$3.50 to \$5.00

CALYCANTHUS (SWEET SHRUB)

BARBERRY

CLETHRA ALNIFOLIA

Caryopteris • BLUE MIST

Blue, mist-like blooms from August to frost. M
2 yr. plants. \$1.50 | Heavy, pot-grown. \$2.00

Chionanthus virginica WHITE FRINGETREE

One of the most striking native small trees or shrubs. Handsome, glossy leaves and masses of loose panicles of feathery, snow white flowers in Midsummer. F

2 to 3 ft. \$2.25
3 to 4 ft. 3.50
4 to 5 ft., B&B. 5.00

Clethra alnifolia SWEET PEPPERBUSH

Spikes of fragrant white flowers in late Summer, on upright, slow-growing shrub. Fine for naturalizing. S

18 to 24 in. \$1.25
2 to 3 ft. 1.75

Cornus Mas • CORNELIAN CHERRY

Generally first shrub to show color in Spring when twiggy branches are covered in a yellow mist. Cherry-like fruit.

3 to 4 ft. \$4.50

Hamamelis • WITCH HAZEL

Hamamelis virginiana. Irregular, spreading shrub with large, oval leaves. Blooms with small yellow flowers close to stem in November. Thrives on deep shade or full sun.

3 to 4 ft. \$2.00 | 4 to 5 ft. \$3.00
4 to 5 ft., B&B. \$4.00

Ilex verticillata • WINTERBERRY

A fine, native shrub with bright red berries practically all Winter. Upright habit with black bark and clean, attractive foliage. Plant in groups for production of berries. M

2 to 3 ft. \$1.50 | 4 to 5 ft., B&B. \$4.00
3 to 4 ft. 2.75 | 5 to 6 ft., B&B. 5.00
6 to 7 ft., B&B. \$7.50

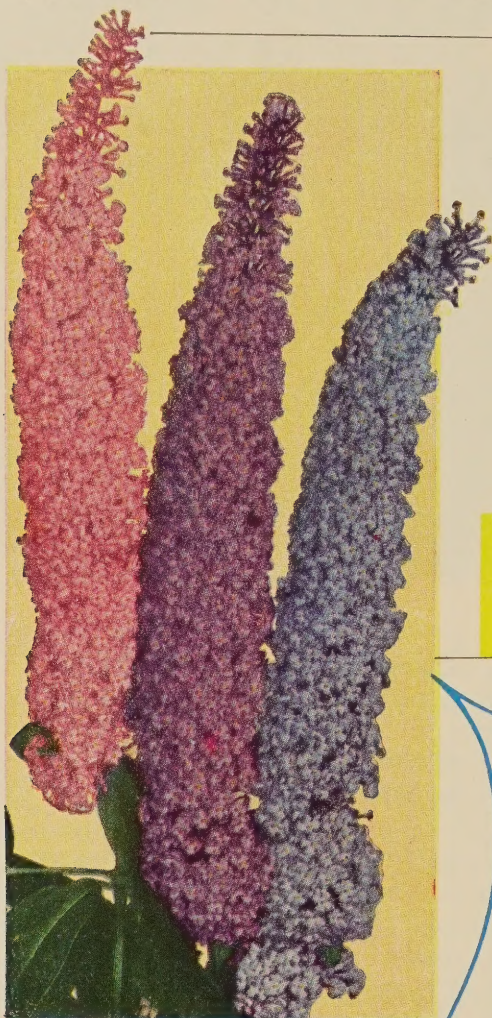

Special Offer — GLOSSY ABELIA

With delicate pink, bell-like flowers from July till frost. Especially desirable for Summer terraces and shrub border plantings where Summer effects are important.

Very nice as low hedge and will respond favorably to shearing. Plant 2 to 2½ feet apart. Cut back each Spring for full, bushy flowering plants each Summer.

SPECIAL—3 for \$12.00 6 for \$22.50

FLOWERING SHRUBS—Continued

BUTTERFLYBUSHES (BUDDLEJA)

BUTTERFLYBUSHES

Tiny, delicate florets cover the graceful spikes of the Butterflybush, so irresistible to butterflies. All are excellent as cut flowers in August and September. A delightful addition to the Shrub planting.

Concord Blue. We have seen no other Blue Buddleja that compares with this; lovely Aster blue.

Pink Charming. A glorious lavender-pink.

White Bouquet. Long, lovely, fragrant, glistening white sprays.

Princeton Red. First truly red Butterflybush. Fragrant.

2 year. \$0.90 each
6 in. pots. 1.50 each

Special Collection

FOUR FINE VARIETIES — \$3.50

One each: Blue, Red, White, Pink

LYNWOOD GOLD

MAGNIFICENT NEW—
FORSYTHIA

Dazzling, golden yellow flowers virtually smother the branches of this splendid, very erect-growing shrub. Limited supply.

2 to 3 ft. \$2.50 | 3 to 4 ft. \$3.25

FORSYTHIA, LYNWOOD GOLD

FLOWERING QUINCE

FLOWERING QUINCE

Chaenomeles Lagenaria. Early blooming, deep crimson flowers; shiny, green foliage. M
1½ to 2 ft. \$1.25 | 2 to 3 ft., B&B. \$3.00

Chaenomeles Hybrids. Bear larger flowers in profuse clusters in an assortment of colors—before the shining green leaves appear.
A—1½ to 2 ft. \$1.95 | B—2 to 3 ft. \$2.50
C—3 to 4 ft. \$3.50

Appleblossom. Appleblossom pink. A
Blood Red. Large, deep red. B
Candida. White. A, B
Cardinal. Very deep red. A
Cynthia. Soft, peach-pink. B
Enchantress. Luscious shell pink. A
Knaphill Scarlet. Very low, mounded. B
Margaret Adams. Soft coral pink. A
Pink Beauty. Rose pink. A
Pink Lady. Clear pink. A, B
Red Ruffles. Dazzling red, 1½–2 ft. \$2.50
Snow. Large pure white. A
Stanford Red. Tomato-red. A, C

Deutzia gracilis • SLENDER DEUTZIA

A dwarf variety, with small, white flowers that completely cover it in May. S

15 to 18 in. \$1.50 | 18 in., heavy. \$2.00

DEUTZIA GRACILIS

FLOWERING SHRUBS—Continued

ENKIANTHUS

The Unusual ENKIANTHUS

A handsome, large shrub which retains its shape without pruning. Bunches of tiny, red-veined, white bell-like flowers; foliage a brilliant red in Fall. 2 to 3 ft., B&B. \$5.00 | 3 to 4 ft., B&B. \$7.50

A GLORIOUS PINK SHRUB BEAUTYBUSH

A large, graceful shrub with slim, arching branches covered with pink flowers in June. We recommend it highly. M

2 to 3 ft. \$1.75 | 3 to 4 ft. \$2.50
4 to 5 ft., heavy, B&B. \$5.00

BEAUTYBUSH

BRILLIANT BURNING BUSH

(*Euonymus alatus compactus*)

This variety of CORK-BARK EUONYMUS seems to be on fire—so dazzling is its Fall coloring. However, this "compactus" variety is neater and slower in growth. These plants make wonderful accents for foundation or border and are truly outstanding as specimen or "conversation" pieces.

15 to 18 in. \$1.75
18 to 24 in. 2.50

BURNING BUSH

EUONYMUS

Euonymus alatus (CORK-BARK EUONYMUS). Striking shrub with corky bark and "winged" branches. Scarlet foliage and berries in the Fall. 18 to 24 in. \$1.75
2 to 3 ft. 3.50
3 to 3½ ft., B&B. 5.00
3½ to 4 ft., B&B specimens. 7.50

HYDRANGEA FOR BLOOMS ALL SUMMER LONG

Hydrangea Paniculata grandiflora (PEEGEE HYDRANGEA). The best known Hydrangea, with immense, conical, pink and white blooms from July to September. F
2 to 3 ft. \$1.25 | 3 to 4 ft. \$1.75

H. p. grandiflora (PEEGEE TREE FORM). The tree form can stand alone or in groups and need not be supported. Immense blooms weigh the branches down, creating a weeping tree effect. An old-fashioned favorite. F

3 to 4 ft. tree \$2.75
4 to 5 ft. tree, heavy, B&B 5.00

BLUE HYDRANGEA

Hardy and beautiful. Tops die down to ground in Winter. Crowns regrow into bushy shrubs the next season. Luxuriant foliage. Masses of blooms. 2 year. \$2.50

HYDRANGEA PEEGEE

ROSE OF SHARON

A rather erect and tall-growing shrub of neat form. Flowers beginning in August and lasting usually until heavy frost.

Excellent stock. M

Hibiscus syriacus anemonaeflorus. Semi-double white, with dark center. 3 to 4 ft. \$2.00
4 to 5 ft., B&B. 3.50

H. syriacus, Boule de Feu. Double red. 3 to 4 ft. \$2.00

H. syriacus coelestis. Single blue; outstanding. 2 to 3 ft. \$1.25
3 to 4 ft. 2.00

H. syriacus, Jeanne d'Arc. Double white. 3 to 4 ft. \$2.00

H. syriacus, Lady Stanley. Double, bluish-white, splashed with deep pink. 3 to 4 ft. \$2.00
3 to 4 ft., heavy, B&B. 3.50

H. syriacus paeoniflorus (PEONY "ROSE OF SHARON"). Semi-double white with carmine center. 3 to 4 ft. \$2.00

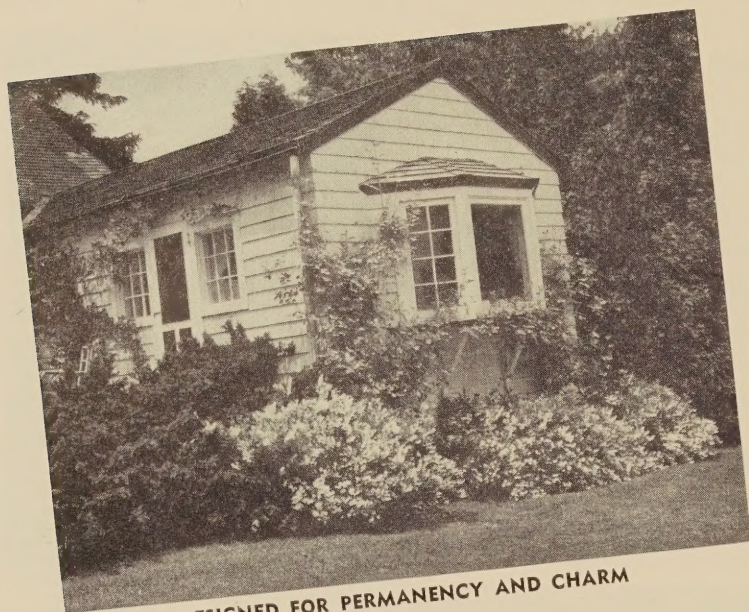

H. syriacus totus alba. Finest single white of all. 3 to 4 ft. \$2.00

H. syriacus Wm. R. Smith. Large, single white. 2 to 3 ft. \$1.25

BLUE ROSE OF SHARON

FLOWERING SHRUBS—Continued

DESIGNED FOR PERMANENCY AND CHARM

Philadelphus MOCKORANGE

Philadelphus coronarius (SWEET MOCK-ORANGE). Extremely fragrant variety of Mockorange. White blooms in May and June. F

2 to 3 ft. \$1.50
5 to 6 ft., B&B. 5.00
6 to 8 ft., B&B. 7.50

P. Minnesota Snowflake (Plant Pat. No. 538). This wonderful addition to the Philadelphus family produces a profusion of large, very double, pure white flowers of some fragrance. Truly "snowy" in effect. Bushy, shapely shrub. M

2 to 3 ft. \$1.75
3 to 4 ft. 2.75
4 to 5 ft., B&B. 3.75
5 to 6 ft., B&B. 5.00
6 to 7 ft., B&B. 7.50

P. virginialis (DOUBLE MOCKORANGE). Fine, double-flowering variety which blooms profusely. Fragrant. M

2 to 3 ft. \$1.50 | 3 to 4 ft. \$2.50
4 to 5 ft., B&B. \$3.50

Photinia Villosa • CHRISTMASBERRY

A large, interesting shrub. The glossy foliage turns brilliant red in Fall. Brilliant red berries persist into Winter.

4 to 6 ft., B&B. \$4.00 to \$6.00

Rhodotypos kerrioides • JETBEAD

Small, shapely shrub bearing white flowers in June and shiny, black, bead-like berries in Fall. Handsome foliage. Good in shade. M

2 to 3 ft. \$1.75

Salix caprea • PUSSY WILLOW

Popular shrub for early Spring effect. Does well in dry as well as wet place. F

2 to 3 ft. \$1.25

Vaccinium corymbosum • Highbush Blueberry

A very desirable bushy shrub with glossy foliage turning brilliant red in Autumn. Creamy-white flower. M

3 to 4 ft., B&B. \$4.50 | 4 to 5 ft., B&B. \$6.00

Vitex Agnus-castus latifolia • CHASTE TREE

Graceful shrub with spires of lovely lavender-blue flowers in profusion July to frost. Dies back in Winter similar to Buddleja. F

18 to 24 in. \$1.25

Cotinus Coggygia • SMOKE TREE

A "mist" of grayish-purple created by fluffy clusters of flowers from June throughout the Summer, gives this small tree its name. F

18 to 24 in. \$1.50 | 3 to 4 ft. \$2.75
4 to 5 ft., B&B. \$4.00

FORSYTHIA

Forsythia intermedia, Spring Glory (PRIMROSE FORSYTHIA).

Truly the showiest Forsythia now known. The large, pale yellow flowers are of striking brilliance as Winter fades and Spring first appears. The masses of blooms are so crowded on the stems that the branches bow gracefully under the weight of their colorful burden. F

2 to 3 ft. \$1.25 | 3 to 4 ft. \$2.50
4 to 5 ft., B&B. \$4.50

F. intermedia spectabilis (SHOWY BORDER FORSYTHIA).

A deeper, yellow form of semi-drooping character with the large flowers in great profusion. Long a favorite and very showy in group plantings.

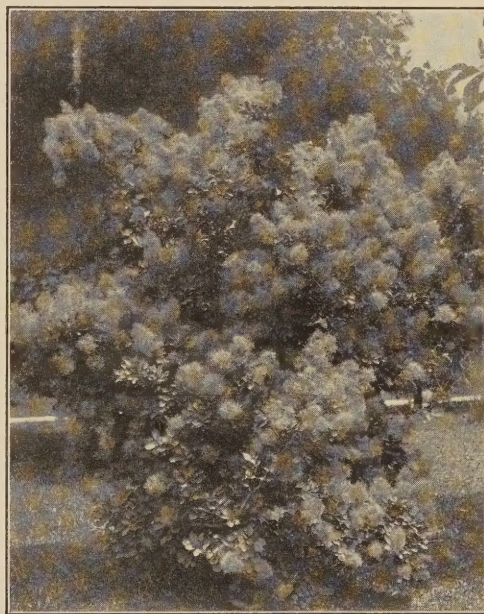

2 to 3 ft. \$1.00 | 3 to 4 ft. \$1.35
4 to 5 ft., heavy, B&B. \$3.50

F. Lynwood Gold. A splendid new variety which originated in Ireland; very erect growing, with branches virtually smothered with golden yellow flowers. Sensational. Limited supply.

2 to 3 ft. \$2.50 | 3 to 4 ft. \$3.25

F. Suspensa (WEeping FORSYTHIA). This delightful form offers sweeping, arching branches to the ground—a fountain of color when in bloom.

18 to 24 in. \$1.00 | 2 to 3 ft. \$1.25

SMOKE TREE (Cotinus Coggygia)

Ligustrum PRIVET FOR HEDGES

Ligustrum amurense (AMUR PRIVET). True, hardy, upright variety with lustrous leaves. Good for quick-growing screen; plants will attain about 15 ft. in height. F

2 to 3 ft. \$4.75 per doz., \$35.00 per 100

L. ovalifolium (CALIFORNIA PRIVET). The form most usually used for hedges. F

18 to 24 in. \$2.75 per doz., \$17.50 per 100
2 to 3 ft. 4.50 per doz., 25.00 per 100
3 to 4 ft. 6.00 per doz., 35.00 per 100

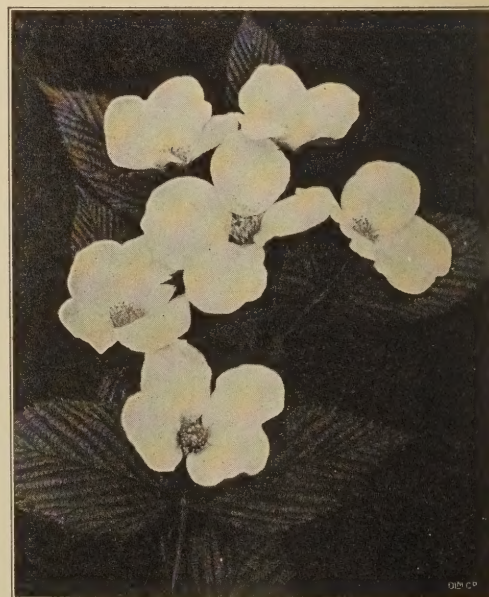

L. regelianum (REGEL PRIVET). A low, spreading form—almost horizontal. S

2 to 3 ft. \$1.50
3 to 3½ ft. 2.25

Lindera benzoin SPICEBUSH

Native shrub with fringed yellow flowers in early Spring. Delicious, aromatic leaves and twigs. F

2 to 3 ft. \$1.75

JETBEAD (Rhodotypos kerrioides)

FLOWERING SHRUBS—Continued

LILACS • Syringa

Everybody loves Lilacs with their wonderful fragrance, array of colors, and assortment of uses. As specimen or hedge; close to the house or in the shrub border — Lilacs are equally effective. Or—have you ever considered a **LILAC WALK**—A path lined with your favorite Lilac varieties. Lilacs are easy to grow and we offer an especially large number of outstanding varieties, colors and sizes of

FRENCH HYBRID LILACS

Famous for Their Richer and More Fragrant Blooms

18 to 24 in.	\$2.25	4 to 5 ft. Specimens, B&B.	\$7.50 to \$10.00

ROSE OF SHARON

FRENCH HYBRID LILACS

FRENCH HYBRID LILACS

Glorious Blooms in Exotic, Full Trusses

Our French Lilacs are easy to grow and bring joy and beauty to your grounds. Their delightful fragrance fills a room and of course judicious cutting of blooms will only enhance plant and bloom growth for the following year.

We point out here five different outstanding

FRENCH HYBRID LILACS, each exceptional in its own way:

Alphonse Lavalle. Medium-sized double flowers of tinted pale sky-blue in pyramidal clusters make this a great favorite.

Charles Joly. One of the finest bright purplingtoned reds—large, double flowers. A real addition to your garden display.

Mme. Lemoine. Compact clusters of snowy-white double flowers; panicles tight and heavy. A Lilac group must.

Pres. Poincare. Huge, rich, double tinted red flowers, remarkable beauty.

Souv. de Ludwig Spaeth. Probably the best known of all French Hybrids, known for its lovely single, reddish-tinted, purple flowers.

See Page 7 for Sizes and Prices

(Buy one each of these 5 varieties and get one new, unlisted FRENCH HYBRID LILAC without additional cost.)

VIBURNUM BURKWOODI

Hypericum "Hidcote Gold"

Delightful golden, Daffodil-like flowers in profusion in Midsummer; acclaimed by 1952 *Herald Tribune Plant* trials as outstanding new shrub; somewhat mounded form of growth with blue-green foliage.

2 yr. heavy plants \$1.75

New Double Mockorange

MINNESOTA SNOWFLAKE (Plant Pat. 538)

Thrilling to see in bloom—so "snowy" are the very double, pure white flowers on this shapely bush. Blooms heavily even on young plants.

Please See Page 6 for Sizes and Prices

MOCKORANGE, Minnesota Snowflake

VIBURNUM DILATATUM

VIBURNUMS

ESPECIALLY DESIRABLE SHRUBS FOR LANDSCAPE USE

Viburnum Burkwoodi (BURKWOOD VIBURNUM). Vigorous growth, glossy foliage. Very fragrant, creamy-white flowers. S 2 to 3 ft. B&B. \$7.50 | 3 to 3½ ft. B&B. \$9.00 3½ to 4 ft. B&B. \$12.00

V. Carlesii (FRAGRANT VIBURNUM). Most fragrant of all flowering shrubs. A single blossom will scent an entire room. Fairly dwarf and slow in growth. Creamy white blooms in profusion. S 2 to 2½ ft. B&B. \$6.00 2½ to 3 ft. B&B. \$7.50 | 3 to 4 ft. \$9.00

V. setigerum (TEA VIBURNUM). Large, white flowers followed by huge clusters of bright red berries; probably most showy of all Viburnums. M 2 to 3 ft. \$2.00

Viburnum dilatatum (LINDEN VIBURNUM). Finest of Viburnums, white flowers followed by immense clusters of bright red berries making entire shrub appear red. M 2 to 3 ft. \$1.75 | 3 to 4 ft. \$2.75 3 to 4 ft., heavy. \$3.50

Heavy Specimens — Priced on Selection
V. plicatum (DOUBLE JAPANESE SNOWBALL). Showy white flowers in rounded clusters during June. Rich foliage, deep red coloring in Fall. M 3 to 4 ft. \$2.75

V. tomentosum (SINGLE JAPANESE SNOWBALL). White flowers in profusion followed by red berries and foliage in Fall. M 2 to 3 ft. \$1.75 | 3 to 4 ft. \$2.75 3 to 4 ft., heavy, B&B. \$3.50

HARDY CLIMBING VINES

Rosedale
NURSERIES inc.
EASTVIEW, N. Y.

Campsis • TRUMPET VINE

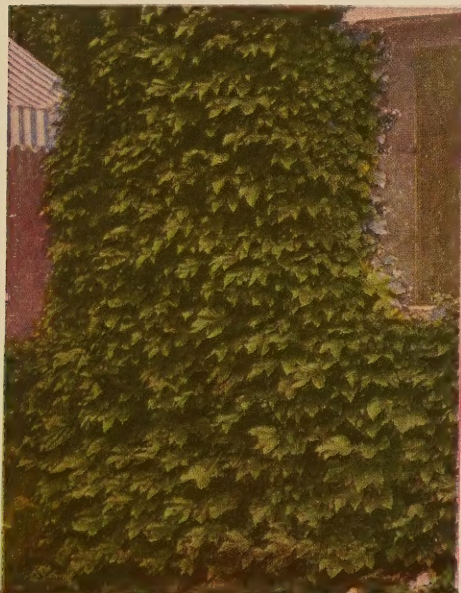

Campsis radicans (TRUMPET-CREEPER). Orange-scarlet, trumpet shaped flowers in clusters July to September; rapid grower, does not flower young; must be supported. F 2 year. . \$1.00 each, \$10.00 per doz.

IVIES

Hedera helix (ENGLISH IVY). Truly evergreen Ivy which so picturesquely covers many stone buildings. Will gracefully hang over a wall or may be planted at the base and trained up. A grand ground cover. Plant in mass under trees or other shady or semi-shady locations. M 3 in. pots. . . . 40c. each, \$4.50 per doz. 4 in. pots, heavy plants

\$5c. each, \$9.00 per doz.

H. helix baltica (BALTIC IVY). A hardy evergreen variety, withstands much lower temperatures than English form. Small foliage. 3 in. pots. 50c. each, \$5.00 per doz.

VEITCH BOSTON IVY

ROSEDALE'S CHEERY, RELIABLE VINES — some evergreen, many flowerbearing — transform bare walls and fences, and fill in and soften new, undeveloped plantings, creating a feeling of warmth, beauty and permanence. To aid you in starting a quick vine growth, we preplanted in pots most of our varieties and many will climb 6 to 10 feet the first season. For planting Vines, please see directions for planting bare root material on page 27.

CLEMATIS JACKMANNI

Hedera Roumanian Ivy, Var. Hardier strain of English Ivy. Evergreen. 3 in. pots. 50c. each, \$5.00 per doz.

Parthenocissus quinquefolia (VIRGINIA CREEPER or WOOD-BINE). This vigorous, handsome vine is particularly striking with its Fall coloring. Especially recommended for walls and fences. F 2 yr. . \$1.00 each, \$10.00 per doz.

P. tricuspidata veitchi (BOSTON IVY). Closely clinging vine with medium sized leaves, turning red in Autumn. Its rapid growth and close clinging habit make it most popular for brick, stone or stucco walls. M 2 yr. . \$1.00 each, \$10.00 per doz.

Wisteria Sinensis CHINESE WISTERIA

Fragrant, lavender flowers in long, drooping clusters. Grafted plants only. The most reliable to bloom. White and purple. M

2 year. \$1.75 each | 4 year. \$2.75 each

Larger Sizes Available—Priced on Selection

EVERGREEN BITTERSWEET

Hydrangea Petiolaris

This Climbing Hydrangea is a superb vine having broad, handsome, overlapping foliage, delightfully fragrant panicles of white flowers in July. Climbs on any surface, is extraordinarily beautiful. 6 in. pots. \$2.50 each

CLEMATIS

Clematis paniculata (OLD-FASHIONED CLEMATIS). The sweet September fragrance of this old favorite indicates its presence long before the flower-laden vine is seen and the feathery seeds are also decorative. A real addition to the home. F

2 year. \$1.00 each, \$10.00 per doz.

3 year, heavy potted. \$1.50 each

C. Jackmanii (PURPLE CLEMATIS). Large, purple single flowers from June to August. Striking. M No. 1, 2 year. \$1.25 each, \$12.50 per doz. 6 in. pots. \$1.75 each

EUONYMUS

Euonymus Fortunei Vegetus (EVERGREEN BITTERSWEET). Low spreading shrub, but will climb high on masonry walls. Orange berries. M

8 to 10 in.

75c. each, \$7.50 per doz.

12 to 15 in. \$2.25 each

HARDY CLIMBING VINES—Continued

Other Choice CLEMATIS Varieties

Clematis Jackmanii, Mme. Andre. Large red, single flowers throughout Summer. S
No. 1, 2 year.....\$1.25 ea.
6 in. pots..... 1.75 ea.

C. J. Ramona. Large, lavender-blue single flowers throughout the Summer. S
No. 1, 2 year.....\$1.25 ea.
6 in. pots..... 1.75 ea.

C. montana rubens. The rosy-red Anemone-like flowers turn pink with age. Rich dark foliage; vigorous grower reaching 15 ft. Hardy. F
No. 1, 2 year.....\$1.25 ea.
6 in. pots..... 1.75 ea.

C. Marie Boisselet. Large white single flowers with wine throat. Good grower.
No. 1, 2 year.....\$1.25 ea.
6 in. pots..... 1.75 ea.

EUONYMUS

Euonymus Fortunei Coloratus (WINTER CREEPER). Outstanding for its dark purple leaves in Summer, which turn rose color in Fall. Also useful as a ground cover.
10 to 12 in.....60c. ea., \$6.00 per doz.

E. F. Radicans. Smaller, more pointed leaves with white veins, distinguish this from the more rapid growing Euonymus Fortunei vegetus. S
10 to 12 in.....\$1.25 ea.
12 to 15 in..... 1.75 ea.

Celastrus • BITTERSWEET

Celastrus orbiculatus (ORIENTAL BITTERSWEET). Everyone knows and likes Bittersweet with its striking panicles of berries; splendid for fences and rocks. Oriental variety differs from native only in that possibly it bears more berries. F
18 to 24 in....\$1.25 ea., \$12.50 per doz.

Lonicera • HONEYSUCKLE

Lonicera japonica Halliana (HALL'S HONEYSUCKLE). Semi-evergreen ground cover or vine, with fragrant, yellow and white flowers. Indispensable where thick, quick coverage is desired. F

2 yr...50c. ea., \$5.00 per doz., \$37.50 per 100

L. Hermanii. A bright, gay, heavy-flowering Honeysuckle Vine. Blooms are pink in bud, but open yellow to orange.

2 yr.....\$1.25 ea., \$12.50 per doz.

Polygonum Aubertii SILVER LACE

Slender, vigorous vine for arbor, trellis or fence. Curious silver-white flowers in tremendous profusion. F

2 yr. field-grown.\$1.25 ea., \$10.00 per doz.
6 in. pots.....\$1.75 ea.

PACHYSANDRA

◆ GROUND COVERS ◆

Lonicera japonica Halliana • HONEYSUCKLE

Semi-evergreen ground cover with fragrant yellow and white flowers. Indispensable for covering banks. Will hold soil in place and permanently covers barren areas. F

2 year.....50c. ea., \$5.00 per doz., \$37.50 per 100

Pachysandra terminalis • JAPANESE SPURGE

Most popular evergreen ground cover plant; spreads rapidly; gives the finishing touch to a planting of conifers. Grows in shade where grass will not thrive. Use plenty of humus in soil; plant closely. M

Rooted Cuttings.....\$6.00 per 100, \$50.00 per 1000

Vinca minor • MYRTLE

Dense, evergreen ground cover, with small, dark green leaves on slender trailing branches. Blue flowers in late Spring. M

2 year, field-grown....\$3.75 per doz., \$25.00 per 100

Vinca minor, Bowles Variety. Similar to V. minor in form and evergreen habit of growth but with lavender-blue flowers all Summer. S

2 year, field-grown....\$4.50 per doz., \$35.00 per 100

ROSEDALE ROSES

Color — Beauty — Joy

Hybrid Tea Roses in a Small Formal Garden

Plant ROSEDALE ROSES with Confidence—All Are Hardy Varieties—Especially Suited to Westchester Soils and Climatic Conditions—All Plants Are Well Rooted and Well Budded

Planting Instructions

1. Select well drained soil.
2. Dig the hole large enough to accept roots easily.
3. Fill in half the soil and tamp down. Water thoroughly.
4. Fill in balance of soil, mixed with liberal quantity of fertilizer, heaping soil in 6-inch mound around plant. (Level this mound when growth starts.)

We suggest APRIL PLANTING but we urge you to order early to be sure of widest selection. Shipment will be made at the proper time.

Outside Our Delivery Area, Dormant Roses Are Shipped by Parcel Post at Our Expense

PATENTED HYBRID TEA ROSES — *Specially selected*

Each year we carefully study the stock of available Hybrid Tea Roses and select only the choicest ones to assure you, as best we can, of obtaining real pleasure and success from your Roses.

These particular varieties are notable for their exceptionally fine characteristics of beautiful form, wonderful fragrances, rich, vibrant colors—and dependable hardiness and outstanding vigor. Without the last two characteristics, the former qualities are useless to you. Make any selection you may wish, in any combination—all are excellent both in quality of bloom and health and cleanliness of stock. Enjoy a ROSEDALE ROSE GARDEN.

Blanche Mallerin (Plant Pat. No. 594). Fragrant, well-shaped buds; lovely pure white blooms. Good grower, beautiful foliage. Tops in whites. \$2.00 each, three at \$1.75 each.

Charlotte Armstrong (Plant Pat. No. 455). Long, slender, cerise buds; magnificent blooms. Moderately fragrant; luxuriant foliage. Outstanding since 1941. \$2.25 each; three at \$2.00 each.

Chrysler Imperial (Plant Pat. No. 1167). Brilliant crimson—exquisite in bud and flower. Large, perfect high-centered blooms of rich fragrance. Sole winner of 1953 All-America Award. \$2.50 each; three at \$2.20 each.

Forty-Niner (Plant Pat. No. 792). Spectacular bicolor—vivid red inside, chrome yellow, outside. 1949 All-America Winner. \$2.50 each; three at \$2.20 each.

Grande Duchesse Charlotte (Plant Pat. 774). Very large, full, Tomato-red shaded Geranium-red flowers. Long, strong stems. \$2.00 each; three at \$1.75 each.

Helen Traubel (Plant Pat. No. 1028). Sparkling pink to luminous apricot, depending on the weather. Tall, bushy, with blooms of fine, spicy fragrance. Truly deserving 1952 International winner. One of the finest Roses. \$2.50 each; three at \$2.20 each.

K. T. Marshall (Plant Pat. No. 607). Deep coral-pink, suffused with yellow. Fruity fragrance; tall, hardy, very vigorous. \$1.75 each; three at \$1.55 each.

Mirandy (Plant Pat. No. 632). *Huge*, glowing dark red blooms; penetrating fragrance. Top All-America winner. \$2.25 each; three at \$2.00 each.

Mojave (Plant Pat. No. 1176). Finest orange-colored Rose with scarlet and vermilion flame tones. Tall, vigorous, excellent for cutting. Most honored Rose of 1954—International winner. \$2.75 each; three at \$2.40 each.

New Yorker (Plant Pat. No. 823). Fiery red blooms on long, stiff stems. Very fragrant; exciting color. \$2.00 each; three at \$1.75 each.

Nocturne (Plant Pat. No. 713). One of the finest reds—cardinal red with crimson shadings. 1948 All-America Winner. Longest, streamlined buds. \$2.00 each; three at \$1.75 each.

Peace (Plant Pat. No. 591). Rich, warm, yellow-ivory with delicate pink tints. Unusually large, long-lasting blooms. One of finest Roses ever produced. Sole 1946 All-America Winner. \$2.50 each; three at \$2.20 each.

Pres. Eisenhower (Plant Pat. No. 1217). Brilliant new Rose with large, deep red buds opening to clear bright red. Fragrant, continuous bloomer. \$2.50 each; three at \$2.20 each.

Rex Anderson (Plant Pat. No. 335). An exhibition Rose of delicate ivory-white. \$1.75 each; three at \$1.55 each.

Show Girl (Plant Pat. No. 646). One of the finest pink Roses with the most perfect, longest deep pink buds. Outstanding for cutting. Delicate fragrance. \$2.00 each; three at \$1.75 each.

Sutter's Gold (Plant Pat. No. 885). Bright yellow shaded with red. Most fragrant yellow Rose. 1950 All-America and International Winner. \$2.25 each; three at \$2.00 each.

Tallyho (Plant Pat. No. 828). Delightful pink petals on inside with almost crimson on outside. Beautiful buds on long stems. Rich spicy fragrance. Easy to grow. 1949 All-America Winner. \$2.00 each; three at \$1.75 each.

Tiffany (Plant Pat. Applied for). A new pink of lovely clear color and salmon undertones. Very vigorous with alluring fragrance. 1955 All-America Winner. \$3.00 each; three at \$2.65 each.

THE GRANDIFLORAS

A Brand New Class of Roses

(A Hybrid Between the Floribunda and the Hybrid Tea)

This Rose class just defined by the All-America Rose Selections features the high-centered, classic form of Hybrid Teas with clusters of blooms of the Floribundas on long stems. Very useful for cutting and arrangements. These are exceedingly vigorous and taller growing—sometimes reaching 5 or 6 feet—and may be planted in the shrub border or as a background.

Buccaneer (Plant Pat. No. 1119). Clear, yellow Rose of great brilliance and lasting qualities. Gold Medal Winner at Geneva. \$2.75 each; three at \$2.40 each.

Queen Elizabeth (Plant Pat. Pending). A Grandiflora with typical very vigorous, tall-growing habit. This 1955 All-America Winner is a delicate clear pink of exquisite form. Stems almost thornless. \$3.00 each; three for \$2.65 each.

Everblooming HYBRID TEA ROSES

Continuous Blooms in Profusion from June to Fall

SELECTED, 2-YEAR-OLD STOCK—FIELD-GROWN, No. 1 GRADE

\$1.30 each; three of one variety, \$3.45

Caledonia. Very double large white; hardy, long-lasting. Slightly fragrant.

Christopher Stone. Very fragrant, velvety scarlet-crimson.

Condesa de Sastago. Copper-pink inside, golden tint outside. Raspberry fragrance.

Countess Vandal. Coppery bronze and pink flooded with gold. Fine fragrance.

Crimson Glory. Intense deep vivid crimson. Wonderful fragrance.

Duquesa de Penaranda. Bicolor copper-apricot. Long-stemmed, very fragrant.

Eclipse. Exquisite chrome yellow. Spicy fragrance.

Edith Nellie Perkins. Pink two-tone, salmon-pink inside, coppery-pink outside. Large, profuse blooms.

Etoile de Hollande. Very fragrant bright red. Large, semi-double.

K. A. Viktoria. Soft pearly-white, lemon-yellow center. Very fragrant.

McGredy's Ivory. Creamy ivory-white buds open to snowy white. Delicate perfume.

McGredy's Yellow. Excellent, unfading canary-yellow. Vigorous.

Mrs. E. P. Thom. Deep canary-yellow. Unfading; fragrant.

Mrs. P. S. Du Pont. Rich, red-gold of spicy fragrance.

Picture. Clear, dainty pink in perfect form. A "perfect picture."

Pink Dawn. Deep rose-pink opening to bright pink. Fragrant.

Pink Radiance. Deliciously fragrant cameo-pink with silvery tone inside.

Poinsettia. Most brilliant red. Rich, velvety, long-lasting; fragrant.

Pres. Hoover. Large flowers of yellow and flaming scarlet.

Red Radiance. Very large, even red. Intensely fragrant.

Soeur Therese. Golden yellow; very large, semi-double.

The Doctor. Enormous silvery-pink; very fragrant.

Vigorous CLIMBING ROSES

WITH ABUNDANT BLOOMS

Aloha (Plant Pat. No. 948). Large, double, coral-pink buds open to rich silvery rose-pink. Long-stemmed clusters create magnificent effect. \$2.50 each; three at \$2.20 each.

Blaze. Most popular of all Climbers. Brilliant scarlet. \$1.30 each; three at \$1.15 each.

Doublblooms. Huge, double apricot-tinged yellow blooms. Fragrant. \$1.75 each; three at \$1.55 each.

Dr. J. H. Nicolas (Plant Pat. No. 457). Huge, cupped rose-pink blooms in clusters. Very fragrant. \$2.00 each; three at \$1.75 each.

High Noon (Plant Pat. No. 704). Clear, intense yellow—truly everblooming. \$2.50 each; three at \$2.20 each.

Mary Wallace. Delightful semi-double pink luminous flowers. A long-established favorite. \$1.30 each; three at \$1.15 each.

Mrs. E. P. Thom. Fine, clear, deep canary-yellow flowers. \$1.50 each; three at \$1.30 each.

New Dawn. Profuse, delicate pink blooms until late Fall. Extra hardy. \$1.50 each; three at \$1.30 each.

Paul's Scarlet. Intensely red flowers in masses. Most popular red until Blaze. \$1.30 each; three at \$1.15 each.

Silver Moon. Big, saucer-shaped moon-white flowers, brilliant yellow centers. \$1.30 each; three at \$1.15 each.

ROSEDALE "TAYLORED" PLANT FOOD

An excellent formula of high organic content for immediate and LONG-LASTING effects. A handful is adequate for a small shrub. Feed trees with 1 lb. per inch of trunk diameter.

25 lbs.\$22.50 | 100 lbs. (Four 25's) ...\$89.00

FLORIBUNDA ROSES

(THE SHRUB TYPE OF ROSE)

Floribunda Roses are noted for producing great masses of continuous blooms and for their full, bushy growth habit. They are truly everblooming and especially effective for border and hedges. Plant 2 to 3 feet apart. We list here a selected group of Floribundas, giving their colors, to aid in making your choice.

Baby Blaze (Plant Pat. Applied for). Bright red. New. \$2.25 each; three at \$2.00 each.

Betty Prior (Plant Pat. No. 340). Pink, very fragrant. \$1.50 each; three at \$1.30 each.

Dagmar Spath. Alabaster-white. Flushed pink at edges. \$1.30 each; three at \$1.15 each.

Donald Prior. Bright red. \$1.50 each; three at \$1.30 each.

Fashion (Plant Pat. No. 789). Coral-pink suffused with gold. \$2.00 each; three at \$1.75 each.

Floradora. Brilliant vermillion. \$1.30 each; three at \$1.15 each.

Geranium (Plant Pat. No. 811). Red. \$1.75 each; three at \$1.55 each.

Goldilocks (Plant Pat. No. 672). Golden yellow. \$1.50 each; three at \$1.30 each.

Improved Lafayette. Glowing crimson red. \$1.30 each; three at \$1.15 each.

Independence (Plant Pat. No. 1036). Red. \$2.00 each; three at \$1.75 each.

Jiminy Cricket (Plant Pat. Applied for). Bright apricot-orange. 1955 All-America Winner. \$2.50 each; three for \$2.20 each.

Lilibet (Plant Pat. No. 1209). Soft pink. 1954 All-America Winner. \$2.00 each; three at \$1.75 each.

Ma Perkins (Plant Pat. No. 1143). Deep coral-pink suffused with red. 1953 All-America Winner. \$2.00 each; three at \$1.75 each.

Masquerade (Plant Pat. No. 975). Golden yellow, pink, red, orange blooms on one plant. \$2.00 each; three at \$1.75 each.

Pink Bountiful (Plant Pat. No. 601). Soft, glowing pink. \$1.50 each; three at \$1.30 each.

Pinocchio (Plant Pat. No. 484). Salmon-pink. \$1.50 each; three at \$1.30 each.

Red Pinocchio (Plant Pat. No. 812). Glowing carmine. \$1.50 each; three at \$1.30 each.

Vogue (Plant Pat. No. 926). Lovely cherry-coral. \$2.00 each; three at \$1.75 each.

White Pinocchio (Plant Pat. No. 1010). White. \$1.50 each; three at \$1.30 each.

World's Fair (Plant Pat. No. 362). Dark velvety maroon. \$1.50 each; three at \$1.30 each.

SHOW GIRL (Pat. No. 646)

Rosedale's Sales Yard

the Place for Purchase of Nursery Stock

ROSEDALE'S SALES YARD is situated right in the nurseries where it is always possible for you to select from freshly dug and properly cared for plants. We constantly maintain a wide assortment of varieties and sizes to help you find just what you want and to take with you without the delay of digging.

You can reach the Sales Yard both from Saw Mill River Parkway and Route 9A (Saw Mill River Road) and it is open from 7:30 a.m. to 6 p.m. on Mondays through Saturday; 9 to 5 p.m. on Sunday.

Our men know plant materials—habit of growth, color and time of bloom, speed of growth, soil preferences. However, for detailed information, we suggest a visit at the less frequented hours in a weekday rather than on heavy weekends when so many are trying to get to their grounds to do "weekend gardening." It will expedite matters for you and your fellow customers.

Our extensive lath shade, designed to keep plants in best possible condition for you to pick up, is constantly being refilled and changed with different materials as the season progresses. You are most welcome to browse before making your purchases. You will find all material well marked as to name and price.

Rosedale's Container-Grown Nursery Stock

This new method of growing plants assures a more fibrous root system which is a better root system and makes for more successful planting in your garden.

Container-grown material is sure to become established quickly, leaf out, and grow better. Many plants which were hitherto somewhat difficult to transplant, now move easily.

Rosedale's Landscaping Service

Landscape Planting will save you time, money and produce best results. Rosedale Nurseries is happy to offer a complete landscape design service geared to your needs and your budget. An overall plan—integrated from the start—is best whether we do the entire planting or you join the "Do-It-Yourself" movement.

Consult our Landscape Department for details—Simply call

PLEASANTVILLE 2-1300

If you have employed your own Landscape Architect, we will be most happy to cooperate with her or him in providing the very finest of materials for the most reasonable price.

We are proud to show here a reproduction of a national award received by Rosedale for its work in Industrial Planting in cooperation with Landscape Architects. One award was received for planting the *Reader's Digest* grounds at Chappaqua, New York. The other national award was received for planting the John E. Andrus Memorial at Hastings on Hudson.

GUARANTEE

The success or failure of all living things, including plants, depends upon their care. Good soil and sufficient water are necessary for plants to live.

In consideration for adequate care of all plants purchased from us, we guarantee:

All nursery stock to be in first class condition when delivered to the customer. Please advise us promptly of any damage or loss in transit.

Our nursery stock to be true to name. Should any label be untrue we agree to replace the stock or refund purchase price at the customer's request.

We will replace at one-half the purchase price any woody plants which, if planted in the Spring, fail to survive through the Summer, or, if planted in the Fall, fail to leaf out the following Spring. Plants originally planted by us shall be replaced as above, plus the cost of planting.

EVERGREEN SHRUBS

Rosedale
NURSERIES inc.
EASTVIEW, N. Y.

(THE BROADLEAVED EVERGREENS)

This group of "double-duty" plants—evergreen qualities and beautiful flowers—offers the wise buyer more satisfaction during all seasons of the year than any other single group of plants.

Increasing numbers of these Evergreen Shrubs are used each year by home gardener and landscape architect alike, to provide colorful as well as evergreen effects in the well-planned landscape planting. Especially useful in foundation plantings.

We have an unusually fine selection of these flowering broadleaved evergreens and urge you to come to the nurseries to make a selection.

All Broadleaved Evergreens are B&B

AZALEAS

Azalea hinodegiri (*Evergreen*). Probably the best of the Evergreen Azaleas for color, foliage, and form. Low, compact plant with handsome, waxy foliage turning bronze in Winter. The flowers are clear, fine red, borne in great profusion in May. May need some Winter protection in exposed locations or north of the nurseries. Our stock is thick and compact, and loaded with flower buds. S
4 to 6 in. spr.\$1.25 | 10 to 12 in. spr.\$2.85
6 to 8 in. spr.1.65 | 12 to 15 in. spr.4.25
8 to 10 in. spr.2.25 | 15 to 18 in. spr.5.45
18 to 24 in. spr.\$7.50

A. indica alba (*Half Evergreen*). A fine combination with Hinodegiri as the large white flowers appear at the same time. Grows slightly taller than most and is of purest white. S
12 to 15 in. spr. \$1.25 | 15 to 18 in. spr. \$5.45 | 2 to 2½ ft. spr. \$9.00

A. J. T. Lovett. This evergreen Azalea bears large, carmine blooms in late May throughout June. Useful for its late-blooming quality. 12 to 15 in. spr.\$4.25

AZALEA CALENDULACEA (See Page 20)

MOUNTAIN LAUREL, HYBRID RHODODENDRON and an Unusual PINE
Create Colorful Summer and Interesting Winter Effects

Azalea kaempferi (**TORCH AZALEA**). Not completely evergreen but usually retains much of its foliage during Winter. Will grow to considerable height. The great profusion of bloom ranges in color from fire-red to salmon-pink in varying shades in this group of hybrids.

12 to 15 in. hgt.\$4.25 | 2 to 3 ft. hgt.\$9.00
18 to 24 in. hgt.7.50 | 3 to 4 ft. hgt.12.00

A. poukhanense (*Half Evergreen*). A broad plant of finest form with delicate lavender buds opening to extremely large, delightful pink blooms; sweetly scented. Growth is modest and it is positively hardy. We cannot recommend Azalea poukhanense too highly. M
12 to 15 in. spr.\$3.75
15 to 18 in. spr.\$4.25 | 18 to 24 in. spr.\$5.25

A. Wilhelmina Vuyk. White; more hardy and generally reliable than l.edifolia alba. 15 to 18 in.\$5.45 | 18 to 24 in.\$7.50

COTONEASTERS *Hardy. Interesting in form. Brilliantly colored fruit. All our Cotoneasters are Container Grown*

Cotoneaster apiculata. Spreading habit, similar to horizontalis, but a little more mounded and with larger berries. M

12 in.\$2.75 | 15 in.\$3.50

C. dielsiana. Fairly upright, arching branches, shiny dark green leaves and red fruit. A valuable addition to any shrub group. S
15 to 18 in.\$4.25 | 3 to 4 ft.\$7.50

C. divaricata. Vigorous, broadly spreading shrub; tiny glossy leaves. Scarlet berries in Fall.
15 to 18 in.\$3.50 | 2 to 3 ft.\$4.75 | 3 to 4 ft.\$6.00

C. Franchetti (**FRANCHET COTONEASTER**). Upright, dense shrub with wide spreading branches; small pink flowers in June with a tremendous crop of orange berries in September. Foliage gray-green. F
15 to 18 in. hgt.\$4.25 | 18 to 24 in. hgt.\$5.75 | 2 to 3 ft.\$7.50

Ilex • THE HOLLIES

The Hollies include many useful forms of differing habits, besides the well-known Christmas-type Hollies.

Ilex crenata (**JAPANESE HOLLY**). A rapid-growing, dense evergreen bush with deep green, boxwood like foliage. A beautiful and permanent plant of real character. F

18 to 24 in. hgt. \$6.00 | 3 to 3½ ft. hgt. \$15.00
2 to 2½ ft. hgt. 9.00 | 3½ to 4 ft. hgt. 20.00
2½ to 3 ft. hgt. 12.00 | 4 to 4½ ft. hgt. 25.00
4½ to 5 ft. hgt. \$35.00

I. crenata Stokes (**STOKES HOLLY**). (Plant Pat. No. 887). A new dwarf, very slow-growing Holly of exceptional merit; excellent for edgings, rock gardens, foundations as it does not outgrow its location. Unusually hardy. This wonderful plant has been acclaimed by the *Herald Tribune* Plant Jury as outstanding for 1952. S

6 to 8 in. spr.\$1.75
8 to 10 in. spr. \$3.25 | 10 to 12 in. spr. 4.00

Ilex c. convexa (**BOXLEAF HOLLY**). Resembles dwarf Boxwood in habit and foliage. Usually grows broader than high, very glossy foliage. We recommend its wide use as it has a live, healthy look through the coldest weather. M
12 to 15 in. spr. \$4.50 | 2 to 2½ ft. spr. \$9.00
15 to 18 in. spr. 6.00 | 2½ to 3 ft. spr. 12.00
18 to 24 in. spr. 7.50 | 3 to 3½ ft. spr. 15.00

I. c. Green Island (Plant Pat. No. 817). Low, mounded form; an improved boxleaf Holly with broader foliage of deepest glossy green; hardy, dependable. Ideal for modern plantings. M
12 to 15 in. spr. \$4.50 | 18 to 24 in. spr. \$8.50
15 to 18 in. spr. 6.25 | 2 to 2½ ft. spr. 12.00

Berberis • BARBERRY

Berberis Julianae (**WINTERGREEN BARBERRY**). *Evergreen*. Thorny, dense, dark green foliage. Inconspicuous yellow flowers and purple fruit. Good ornamental for border, foundation, or hedge. M
18 to 24 in. hgt. \$6.00 | 2 to 2½ ft. hgt. \$7.50

AZALEA HINODEGIRI

EVERGREEN SHRUBS

DECIDUOUS AZALEAS

Although not evergreen we list these here for your convenience.

Azalea arborescens. One of really hardy whites. Blooms quite large, occasionally tinged pink. Mid-June. Fragrant. M.
15 to 18 in. hgt. \$3.75 | 2 to 2½ ft. hgt. \$6.00
18 to 24 in. hgt. 4.75 | 2½ to 3 ft. hgt. 7.50

A. calendulacea (FLAME AZALEA). A brilliant orange and yellow flowering native shrub. Tall but slow-growing. Free flowering. F
18 to 24 in. hgt. \$4.75 | 2½ to 3 ft. hgt. \$7.50
2 to 2½ ft. hgt. 6.00 | 3 to 4 ft. hgt. 10.00

A. mollis Hybrida (CHINESE AZALEAS). Masses of large, ball-shaped flowers delicately shaded orange and red develop on low, compact shrub before leaves. Flowers are probably largest of all Azaleas; profusion of blooms is unequalled. M
15 to 18 in. hgt. \$4.50 | 18 to 24 in. hgt. \$6.00
2 to 3 ft. hgt. \$7.50

A. nudiflora (PINXTERBLOOM or WILD HONEYSUCKLE). This lovely, native Azalea is known to all who have tramped woodlands in May. Fragrant pink. F
18 to 24 in. hgt. \$4.75
2 to 3 ft. hgt. \$6.00 | 3 to 4 ft. hgt. \$7.50

A. vaseyi (PINKSHELL AZALEA). Shell-pink flowers in May cover the entire plant and make a striking picture. Very lovely. F
18 to 24 in. hgt. \$4.75
2 to 2½ ft. hgt. \$6.00 | 2½ to 3 ft. hgt. \$7.50

AZALEA MOLLIS

NATIVE DECIDUOUS AZALEAS

ABELIA GRANDIFLORA

GLOSSY ABELIA

Half-evergreen shrub, bearing dainty, bell-shaped pink flowers, July until frost. Glossy foliage all Winter in protected spot. M

12 to 15 in. Plantainers . . . \$2.50
2 to 3 ft. hgt. 4.50

BUXUS

Buxus suffruticosa (OLD ENGLISH BOXWOOD). Handsome, very slow growing, compact habit for special use as edging; type frequently found on old estates.
6 to 8 in., BR. 75c. each, \$65.00 per 100
8 to 10 in., B&B. 1.50

OLD ENGLISH BOXWOOD

AZALEA KAEMPFERI

LARGE BERRY ROCK COTONEASTER (C. apiculata)

	\$12.00 to 15.00

Larger Sizes Available —
Priced on Selection

MOUNTAIN LAUREL
(Kalmia)

Leucothoe Catesbaei DROOPING LEUCOTHOE

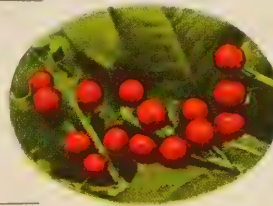

Beautiful dwarf shrub for either shade or sun. White, bell-shaped flowers cover the drooping stems in early Spring. The Fall and Winter color of foliage is bronze to red and most decorative. Branches cut for floral arrangements last for weeks and cutting improves the plant. M

15 to 18 in.	\$4.50	18 to 24 in.	\$6.00
2 to 2½ ft.	\$8.50		

Ilex opaca • AMERICAN HOLLY

Ilex opaca (AMERICAN HOLLY). Well-known Christmas Holly with red berries. Grows to a large tree but may be sheared to a dense bush. Both male and female plants should be planted. We believe we have one of the finest collections of American Holly available and all plants have been trained and transplanted frequently.

Plantainers, 15 to 18 in. \$3.00, three for \$8.75—1 Male, 2 Female
Larger Specimens Priced on Selection

HYBRID RHODODENDRONS WITH PIERIS IN FOREGROUND

in various shades, however, bears its lovely white flowers in sprays of Lily-of-the-Valley-like clusters in very early Spring. M

18 to 24 in. hgt.	\$6.95
2 to 2½ ft. hgt.	\$9.00
2½ to 3 ft. hgt.	12.00

FIRETHORN

Pyracantha coccinea Lalandii

This very popular semi-evergreen shrub has strong, slender branches from the ground with stubby side growths bearing innumerable orange-red berries. Amazingly beautiful in Fall; very good effects when espaliered. F

Container-grown

15 to 18 in.	\$3.50
18 to 24 in.	6.00
2 to 3 ft. hgt.	7.50

PYRACANTHA (FIRETHORN)

Pieris • ANDROMEDA

Pieris Japonica (JAPANESE ANDROMEDA). Foliage and general form similar to floribunda. This handsome plant with its glossy leaves

RHODODENDRON PLANTING

RHODODENDRONS

Rhododendrons require little care after they become established except possibly, some judicious pruning to keep them full and bushy, and yet they yield the loveliest flowers in early June or late May. They grow best in a light, somewhat acid soil, which is moist but well-drained. (They dislike "wet feet".) They do well in shade or partial sun and sometimes, unless protected in Winter, they may suffer some burning in windy areas.

Rhododendron carolinianum (CAROLINA RHODODENDRON). A very early blooming variety, small and compact. Has handsome, dark green leaves and in May and June produces a profusion of soft, rose-pink bloom. A great favorite. S
18 to 24 in. hgt. \$6.50 | 2 to 2½ ft. hgt. \$9.50

R. catawbiense (CATAWBA RHODODENDRON). Native, free-flowering and the parent of most hybrids. Will grow in any soil that is free from lime; is very hardy and needs little attention. Large, round clusters of deep rosy-purple flowers, appearing in May or June—just after Carolina Rhododendron. Well budded plants. M
2 to 2½ ft. hgt. \$8.50 | 3 to 3½ ft. hgt. \$15.00
2½ to 3 ft. hgt. 10.00 | 3½ to 4 ft. hgt. 20.00

R. maximum (ROSEBAY RHODODENDRON). Our native Rhododendron with white and light pink flowers. Nursery-grown plants. M
18 to 24 in. hgt. \$4.00 | 3½ to 4 ft. hgt. \$9.00
2 to 3 ft. hgt. 5.25 | 4 to 5 ft. hgt. \$12.00 to 15.00
3 to 3½ ft. hgt. 7.50 | 5 to 6 ft. hgt. 15.00 to 20.00
6 to 7 ft. hgt. \$25.00 to \$35.00

RHODODENDRON HYBRIDS

These well-budded plants are offered in an unusually select list of varieties, and it is through these named varieties or hybrids (that is, grafted stock) that the gorgeous array of colors in Rhododendrons in June are obtained. Hybrids are noted, too, for their superior foliage.

Our Hybrid Rhododendrons are the healthiest we have ever had and we offer only those varieties which are hardy in this area. M

Sizes available are indicated by the letters as shown:

12 to 15 in.—A.....	\$6.75
15 to 18 in.—B.....	10.00
18 to 24 in.—C.....	12.50

EVERGREEN TREES

Rosedale
NURSERIES inc.
EASTVIEW, N. Y.

Conifers or Needle Evergreens

Handsome

Long Lasting

Suitable for Almost
Every Purpose

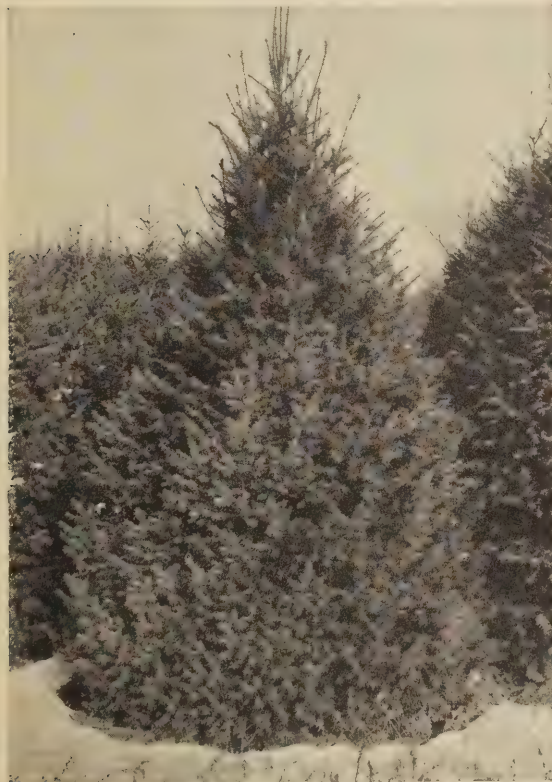

EVERGREENS are most adaptable, offering a wide range of shapes, colors and uses—from low, spreading dwarf forms to fast-growing, tall, columnar types; from deep greens to blue-greens, gray-greens and golden forms. For uses in all imaginable types of situations—low foundations to high screenings, background plantings, or accent points. All our Evergreens are of top grade, and of unusual vigor and fullness.

All Evergreens are expertly balled and burlapped (B&B), thereby preserving their excellent root systems.

We are proud of the excellent quality of our evergreens.

Planting instructions for B&B plants will be found on page 26.

We list below a few of the varieties and sizes growing in the nurseries. You are urged to make a personal selection at the nurseries. Many more varieties are available.

Compact DOUGLAS FIR Growing at Rosedale

Juniperus • JUNIPERS

All Junipers are valuable ornamental plants—upright species as single specimens or in groups and low forms well adapted for rockery, slopes or banks. Junipers thrive best in a sandy, loam soil in sunny, open situations.

- Juniperus chinensis Keteleeri** (KETELEER JUNIPER). This comparatively new variety is never affected by aphid or blight. It grows in pyramidal form; is of very pleasing light green color all year round. M 2½ to 3 ft. hgt. \$6.00 | 3 to 3½ ft. hgt. \$7.50
- J. c. Pfitzeriana compacta glauca.** A dwarf, compact type with blue-gray foliage. Excellent for banks, rock gardens or where low, spready plants are required. S 15 to 18 in. spr. \$5.50
18 to 24 in. spr. \$6.50 | 2 to 2½ ft. spr. \$7.50
- J. c. Pfitzeriana Hetzi.** More rapid-growing than the true Pfitzer. Intense, blue-gray foliage. Good for both formal and informal effects. M 15 to 18 in. \$5.00 | 2 to 2½ ft. \$9.00
18 to 24 in. 7.00 | 2½ to 3 ft. 12.00

- J. chinensis Pfitzeriana** (PFITZER'S SPREADING JUNIPER). A handsome, spreading form with gray-green, plume-like foliage. Extremely useful as a filler in foundation or border plantings. Hardy and indifferent to drought. M 18 to 24 in. spr. \$6.00 | 2½ to 3 ft. spr. \$10.00 | 3½ to 4 ft. spr. \$17.50
2 to 2½ ft. spr. 7.50 | 3 to 3½ ft. spr. 15.00 | 4 to 4½ ft. spr. 20.00
- J. c. sargentii.** A low, trailing form, with deep green foliage. Best Juniper for rock gardens. S 12 to 15 in. spr. \$5.25 | 18 to 24 in. spr. \$7.50
15 to 18 in. spr. 6.00 | 2 to 2½ ft. spr. 9.00
- J. horizontalis plumosa.** Dwarf and low-spreading with plummy foliage from center. Green in Spring, gray-green in Summer, heather tones in Winter. S 15 to 18 in. spr. \$4.25 | 18 to 24 in. spr. \$5.50

Pinus • PINE

The stout root systems of Pines help them to obtain water in poor, sandy soils and dry situations, and they thrive in any good soil.

- Pinus Nigra** (AUSTRIAN or BLACK PINE). Flourishes near seacoast or on high bleak hills or in dusty, smoky cities. F 3 to 4 ft. \$12.00
- P. Thunbergii.** A most desirable form of Pine especially able to withstand salt spray and sea breezes—or wind in any location. Very dark green and rapid-growing. A must for shore plantings. Irregular, picturesque growth. 2 to 3 ft. \$5.00

Pseudotsuga • DOUGLAS FIR

- Pseudotsuga taxifolia** (DOUGLAS FIR). This handsome tree with its gray-green foliage is very hardy and extremely ornamental at all stages of growth. Will endure both drought and cold. Some specimens are rich, deep green; others almost as blue as Blue Spruce. Douglas Fir does extremely well with us and we will be glad to have you make your selection. 2 to 3 ft. hgt. \$5.50 | 4 to 5 ft. hgt. \$12.00
3 to 4 ft. hgt. \$7.50 to \$9.00 | 5 to 6 ft. hgt. 15.00

We handle ALL Evergreens B&B—that is with soil on the roots. Therefore, we do not recommend shipping Evergreens beyond our truck delivery area. Many varieties are dug and ready to go at the nursery. They can be taken by car and planted the same day.

EVERGREENS (Conifers)—Continued

GLOBE ARBORVITAE

Picea pungens (COLORADO BLUE SPRUCE). Very handsome; very vigorous. A great favorite. 2 to 3 ft.\$9.00

P. glauca conica (DWARF ALBERTA SPRUCE). Most distinctive of all Spruces. A dense, narrow pyramid with blue-green needles—a perfect miniature of the big Albertiana. Prefers slight shade in cool, moist, well-drained location. 12 to 15 in.\$4.75
15 to 18 in. 6.00
18 to 24 in. 7.50

PFITZER and SARGENT JUNIPERS (See page 23)

Picea pungens glauca (KOSTER BLUE SPRUCE). Bluest of all. Regular and symmetrical, with somewhat pendulous branches. For best effect, use as an accent or specimen. 2 to 3 ft.\$15.00

NORWAY SPRUCE

Picea Abies (NORWAY SPRUCE). Rapid growing, Christmas-tree type attaining great size; useful for windbreak or as single specimen. F 3 to 4 ft.\$7.50 | 4 to 5 ft. \$12.00
5 to 6 ft.\$15.00

HEMLOCK

Picea • SPRUCE

Spruces will grow in almost any kind of moderately moist soil; are easily transplanted. Recommended for lawn specimens, screen or border plantings. Very popular as landscape material.

Picea glauca densata (BLACK HILLS SPRUCE). Grows into a neat, compact, cone-shape with gray-green needles. Very hardy.

18 to 24 in.\$3.50
2 to 3 ft. 4.75

P. Orientalis (ORIENTAL SPRUCE). Slow-growing, very graceful tree of dark, glossy foliage. Of great beauty and dignity. S

2 to 3 ft.\$7.50
3 to 4 ft.10.00

MUGHO PINE

Pinus • PINE

Pinus mugho mughus (DWARF MUGHO PINE). Low-mounded Pine, sort, stubby needles. Slow growing, attaining greater spread than height. S 10 to 12 in. spr.\$3.50
18 to 24 in. spr. 9.00
2 to 2½ ft. spr.12.00

WHITE PINE

Pinus Strobus (WHITE PINE). Beautiful in every stage of growth. No other evergreen fulfills so well the requirements for rapid growth and none transplants more easily. F

2 to 3 ft. hgt.\$3.75
3 to 4 ft. hgt. 5.75
4 to 5 ft. hgt. 9.50
5 to 6 ft. hgt.15.00
6 to 7 ft. hgt.20.00
7 to 8 ft. hgt.27.50
8 to 9 ft. hgt.35.00
9 to 10 ft. hgt.42.50
10 to 12 ft. hgt.50.00

P. Strobus Pyramidalis. A pyramidal form of White Pine. Bushy. 4 to 5 ft.\$12.00

BERRIES OF TAXUS

Taxus (YEW)

These rich, dark green Evergreens continue to be the favorites among Evergreens. Their hardiness, freedom from ills and their slow, rugged development make them deserving of their great popularity. Yews thrive best in a moderately sandy loam but will endure adverse soil conditions and shade. The many varied shapes and types of growth—upright columnar, pyramidal, dwarf, spreading, drooping—to mention just a few—make Yews suitable for almost any landscape requirements. They make the finest of all hedges; they stand heavy pruning well. Our selection of Yews is very extensive and of the finest quality. We list below some of the varieties and sizes which we have at the nurseries.

scape requirements. They make the finest of all hedges; they stand heavy pruning well. Our selection of Yews is very extensive and of the finest quality. We list below some of the varieties and sizes which we have at the nurseries.

Taxus baccata repandens (SPREADING ENGLISH YEW). This dwarf, spreading form with its beautiful foliage and graceful, drooping branches is unique; desirable for low plantings. M

15 to 18 in. spr.	\$7.00
18 to 24 in. spr.	8.00
2 to 2½ ft. spr.	10.00

HATFIELD YEW (*Taxus hatfieldi*)

T. cuspidata (SPREADING JAPANESE YEW). This dense, spreading form with its deep green foliage is very hardy. Especially useful near the house. M

15 to 18 in. spr.	\$5.25	2 to 2½ ft. spr.	\$9.00	3 to 3½ ft. spr.	\$16.00
18 to 24 in. spr.	6.75	2½ to 3 ft. spr.	12.00	3½ to 4 ft. spr.	22.50
4 to 4½ ft. spr.	\$30.00				

T. media Halloran, Thayeri, densiformis. Same prices as *Taxus cuspidata* above

T. cuspidata Capitata (UPRIGHT JAPANESE YEW). Upright tree form of *cuspidata*—a very desirable variety for foundation plantings. Excellent for hedge purposes. M

18 to 24 in. hgt.	\$7.50	3½ to 4 ft. hgt.	\$20.00
2 to 2½ ft. hgt.	10.00	4 to 4½ ft. hgt.	25.00
2½ to 3 ft. hgt.	12.50	4½ to 5 ft. hgt.	32.50
3 to 3½ ft. hgt.	16.00	5 to 5½ ft. hgt.	40.00
5½ to 6 ft. hgt.	\$45.00		

A few large specimens priced on selection

T. c. columnaris. A narrow, pyramidal form requiring a minimum of shearing; dark green, very luxuriant; fine for accent. M

5 to 5½ ft. hgt.	\$30.00	5½ to 6 ft. hgt.	\$35.00
6 to 7 ft. hgt.	\$40.00		

T. c., Moon's Columnar. A generally upright variety but usually having a spread very nearly equal to height. Its foliage is heavy and of deepest dark green. Hardy and slow in growth. Highly recommended. S

3 to 3½ ft. hgt.	\$25.00		
3½ to 4 ft. hgt.	\$30.00	4 to 4½ ft. hgt.	35.00

T. c. nana (DWARF JAPANESE YEW). Dwarf, compact and low spreading in habit. Very hardy. Because of its slow-growing nature, it is especially useful in foundation plantings, for it will not outgrow its location.

12 to 15 in. spr.	\$4.25	18 to 24 in. spr.	\$9.00
15 to 18 in. spr.	6.75	2 to 2½ ft. spr.	14.00

TAXUS HICKSII, CAPITATA and CUSPIDATA

Taxus media Brownii (BROWN'S YEW). This rounded, full-centered type of compact Yew is our very best type for hedges, where medium height and considerable fullness is desired. Our stock of this variety is especially fine. M

18 to 24 in. spr.	\$6.75	2½ to 3 ft. spr.	\$12.00
2 to 2½ ft. spr.	9.00	3 to 3½ ft. spr.	16.00

T. m. Hatfieldii (HATFIELD YEW). Finest upright Yew, making the finest of hedges of all the Yews, we believe. Especially useful, for it holds its form almost without trimming. M

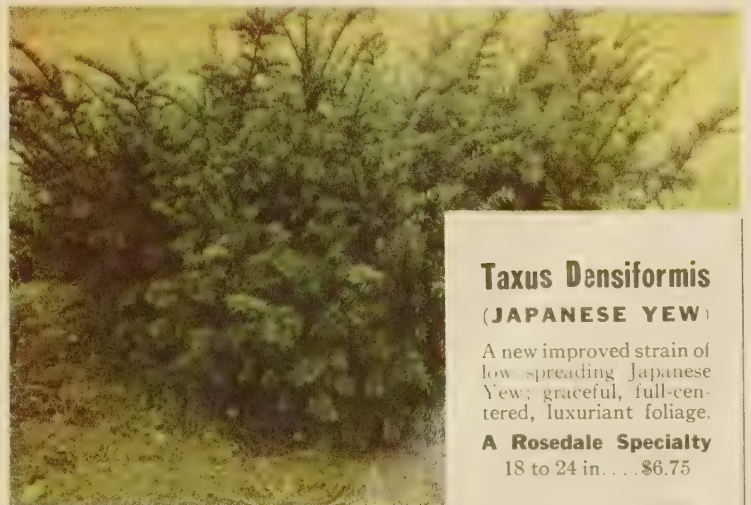

15 to 18 in. hgt.	\$4.95	2½ to 3 ft. hgt.	\$12.00 to \$15.00
18 to 24 in. hgt.	6.50	3 to 3½ ft. hgt.	17.50 to 20.00
2 to 2½ ft. hgt.	9.00	3½ to 4 ft. hgt.	25.00 to 30.00

T. m. Hicksii (HICKS YEW). Exceptionally dark green needles and red berries which it grows in profusion, makes this one of the most interesting Yews. Upright, columnar in habit. Also useful as hedge material. M

18 to 24 in. hgt.	\$5.00	3 to 3½ ft. hgt.	\$12.50 to \$15.00
2 to 2½ ft. hgt.	7.50	3½ to 4 ft. hgt.	17.50 to 20.00
2½ to 3 ft. hgt.	\$10.00 to 12.50	4 to 4½ ft. hgt.	22.50 to 25.00

T. m. Vermeulen. A dense-growing, upright, rather rounded type of Yew. Slightly irregular in character, makes an interesting addition to the landscape planting. Its extremely slow growth makes it even more valuable. S

3 to 3½ ft. hgt.	\$35.00	3½ to 4 ft. hgt.	\$45.00	4 to 4½ ft. hgt.	\$50.00
------------------	---------	------------------	---------	------------------	---------

Taxus Densiformis (JAPANESE YEW)

A new improved strain of low spreading Japanese Yew; graceful, full-centered, luxuriant foliage.

A Rosedale Specialty
18 to 24 in. . . \$6.75

EVERGREENS (Conifers)—Continued

HEMLOCK—A Rosedale Specialty—Dense and Compact

Tsuga • HEMLOCK

Hemlocks can be used in many different ways and in each case they are eminently suitable and beautiful. As lawn specimens they attain great size and grandeur; by shearing, they may be used in foundation plantings and kept from overgrowing for years and years. For border or screen, they form a most naturalistic background. Hemlocks are practically immune to insects and disease.

Tsuga canadensis (CANADIAN HEMLOCK). A handsome, ornamental tree, growing 70 to 100 ft. high but with shearing may be kept within any desired height. Wonderful for thick hedge. Its graceful, feathery effects are admired by everyone. F

18 to 24 in. hgt.	\$5.50	4 to 5 ft. hgt.	\$14.00	6 to 7 ft. hgt.	\$25.00
2 to 3 ft. hgt.	6.95	5 to 5½ ft. hgt.	16.00	7 to 8 ft. hgt.	35.00
3 to 4 ft. hgt.	\$9.00-12.00	5½ to 6 ft. hgt.	20.00		

T. Sieboldii. A dwarf Hemlock of pyramidal habit. Not generally seen in this area, yet entirely hardy. Very popular for home plantings. S

3½ to 4 ft. hgt.	\$15.00	4½ to 5 ft. hgt.	\$25.00
4 to 4½ ft. hgt.	20.00	5 to 5½ ft. hgt.	30.00

T. caroliniana (SOUTHERN HEMLOCK). Native to Southern mountains yet perfectly hardy here in the North. A beautiful tree, with dark green foliage and a habit of growth which makes it distinctly different from the Canadian Hemlock. M

2 to 3 ft. hgt.	\$7.50
3 to 4 ft. hgt.	10.00
4 to 5 ft. hgt.	17.50
5 to 6 ft. hgt.	22.50
6 to 7 ft. hgt.	27.50
7 to 8 ft. hgt.	37.50

PLANTING SUGGESTIONS

As a general guide to planting B&B plants we suggest that you:

1. Dig hole wide and deep enough to easily admit the earth ball.
2. Set the top of ball 2 inches below the surface of surrounding soil. Tamp in firmly without removing burlap.
3. Cut burlap open at top. Complete filling in soil. Water twice weekly very thoroughly.
4. Use Peat Moss liberally in the hole and as a top mulch.

Thuja • ARBORVITAE

These ornamental Evergreen trees are favorites for formal gardens because of their regular symmetrical habit. Especially adapted for slender hedges and windbreaks where space is a factor.

Thuja occidentalis Boothii (BOOTH GLOBE ARBORVITAE). Dense, globe-shaped variety which maintains its shape without shearing. Foliage seagreen in Summer, bronze in Winter. Perfectly hardy, growing to about 3 ft. high. S

18 to 24 in. spr.	\$4.50
2 to 2½ ft. spr.	6.00

T. o. nigra (DARK AMERICAN ARBORVITAE). An upright variety of deep, rich green. Especially useful in hedges and screenings. M

2 to 3 ft. hgt.	\$5.50	4 to 5 ft. hgt.	\$10.00
3 to 4 ft. hgt.	7.50	5 to 6 ft. hgt.	12.00

T. orientalis Sieboldii (GOLDEN BIOTA). A dwarf, rounded plant with yellow to bronze foliage. Always retains its neat, compact form without training. S

15 to 18 in. hgt.	\$3.75

SPREADING YEWS developed to full density, ready-to-go this season. Photographed July, 1953, in one of our fields at Eastview

SHADE TREES

Rosedale
NURSERIES Inc.
EASTVIEW, N. Y.

ONE OF THE FIRST REQUISITES OF COMFORTABLE LIVING AND GOOD LANDSCAPING

Choose the varieties most suitable for your needs—most appealing to your taste. Are you seeking dense, cool shade or light lacy shade? A tall, erect growing type or a more fully-headed type? If you are in doubt, consult ROSEDALE'S trained nurserymen who can tell you about climate control through proper selection and placement of trees and plants.

We grow only those varieties which will thrive in this climate and we welcome your selection. In addition ROSEDALE Shade Trees are grown far enough apart in widespaced rows to permit lateral as well as upright growth.

**All Shade Trees Are Bare Root Except as Marked
Balled and Burlapped (B&B)**

Planting Instructions: BR Material, see page 27; B&B Material, see page 26

Acer • MAPLE

Maples are universally popular, are regular in outline, vigorous growers, beautiful in foliage and adapt themselves to almost any soil. Norway Maple is especially desirable for street planting, thrives well near the sea

Acer palmatum atropurpureum (REDLEAVED JAPANESE MAPLE). A comparatively dwarf Maple, slow in growth, and attaining ultimately about 20 ft. in height. Bright red foliage and branches. These are well shaped. All B&B. S 15 to 18 in. \$6.00
18 to 24 in. \$7.50 | 2½ to 3 ft. \$15.00 | 3½ to 4 ft. \$25.00
2 to 2½ ft. 10.00 | 3 to 3½ ft. 20.00 | 4 to 5 ft. 35.00

A. platanoides (NORWAY MAPLE). Foremost of the Maples because of its regular outline, wide-spreading branches and deep green foliage which is retained even after the first heavy frosts. Becomes a good shade tree quickly.

1½ to 2 in. cal. \$16.00 | 2½ to 3 in. cal. \$33.00 | 3½ to 4 in. cal., B&B... \$67.50
2 to 2½ in. cal. 24.50 | 3 to 3½ in. cal., B&B... 50.00 | *Larger sizes priced on selection*

A. saccharum (SUGAR MAPLE). A beautiful tree of upright form. Attains a greater height than the Norway Maple, with brilliant red and yellow coloring in Fall. All B&B. F
1½ to 2 in. cal., B&B... \$25.00 | 2 to 2½ in. cal., B&B... \$35.00 | 2½ to 3 in. cal., B&B... \$45.00

Larger sizes priced on selection

Fagus • BEECH

Fagus grandifolia (AMERICAN BEECH). A handsome native tree with clean, gray-barked trunks. Prefers well-drained soil. M 7 to 8 ft. hgt. \$40.00 | 8 to 9 ft. hgt. \$50.00

F. sylvatica (EUROPEAN BEECH). For screen or hedge this Beech is ideal among deciduous material. Prunes well and may be kept within bounds. M
9 to 10 ft. hgt. \$45.00 | 10 to 12 ft. hgt. \$60.00

F. s. atropunicea (RIVERS PURPLE BEECH). Similar to the European Beech except for its beautiful foliage. Handsome and dignified. S
4 to 5 ft. hgt. \$15.00 | 5 to 6 ft. hgt. \$25.00

Gleditsia • HONEYLOCUST

Gleditsia triacanthos inermis (THORNLESS HONEYLOCUST). A truly lovely tree spreading a canopy of lacelike foliage; free from insect pests, hardy and long lived. Almost entirely free from thorns but many less than older form. Something different in a shade tree, with its light, airy grace. F
1½ to 2 in. cal. \$22.50 | 2 to 2½ in. cal. B&B. \$30.00

Liquidambar • SWEET GUM

Liquidambar styraciflua (SWEET GUM). A most interesting, satisfactory shade tree; likes moisture and grows to immense size. Star-shaped leaves blazing scarlet in Autumn; very resistant to insects. All B&B. S
6 to 7 ft. hgt. \$20.00 | 7 to 8 ft. hgt. \$25.00 | 8 to 10 ft. hgt. \$30.00

Nyssa Sylvatica • SOUR GUM or TUPELO

A small spreading tree which likes low ground and has the most brilliant Fall coloring of all shade trees. S
4 to 5 ft. \$12.00 | 5 to 6 ft. \$16.00 | 6 to 7 ft. \$20.00

Platanus • PLANE

Platanus acerifolia (LONDON PLANE). This fine Sycamore is acclaimed for its charm, quick development, resistance to leaf spotting, tolerance of city smoke. Fine for street plantings. F
10 to 12 ft. \$16.00 | 2 to 2½ in. cal., B&B... \$30.00
1½ to 2 in. cal. 20.00 | 2½ to 3 in. cal., B&B... 40.00

Tilia • LINDEN

Tilia tomentosa (SILVER-LEAVED LINDEN). Our best form of Linden, having clear, silver foliage, not readily affected by aphids or beetles. Very desirable tree. M
1½ to 2 in. cal., B&B... \$20.00 | 2 to 2½ in. cal., B&B... \$27.50

NORWAY MAPLES—In the Nursery

EUROPEAN BEECH

WEeping WILLOW (Salix babylonica)

Salix • WILLOW

Salix babylonica (WEEPING WILLOW). Long, stringy branches droop vertically to the ground and with the narrow, light green leaves create a soft, velvety texture. Grows rapidly especially when close to water. Makes a beautiful screening where needed in low, moist locations. F
10 to 12 ft. \$15.00 to \$20.00
12 to 14 ft. 25.00 to 35.00

Salix b. Niobe (GOLDEN TWIG WEEPING WILLOW). F
5 to 6 ft. \$3.75 | 10 to 12 ft. \$20.00 to \$25.00
12 to 14 ft. \$25.00 to \$35.00

S. elegantissima (THURLOW WEEPING WILLOW). Fastest growing of all the Weeping Willows. Somewhat upright but still weeping. Beautiful for planting along rivers or other moist places.
5 to 6 ft. \$3.75

Planting Suggestions for Bare Root Material

1. Plant at once, digging hole deep and wide enough to admit roots completely spread out.
2. Loosen soil at bottom of hole, mix with small amount of Espoma.
3. Place plant in hole the same depth as previously planted in nursery. (Shows on trunk or main stem.)
4. Cover roots with soil mixed with liberal amounts of Farmanure, firming soil with feet.
5. Complete filling hole with soil, leaving catch basin effect at top to hold water.
6. Water THOROUGHLY twice a week.

SHADE TREES—Continued

WHITE BIRCH

Populus • POPLAR →

Populus italica nigra (LOMBARDY POPLAR). The slender, upright form of growth makes these trees especially desirable for road plantings, property borders or along a stream. Quick-growing, they make a good screen when planted close together. The soft patter of the leaves as the Summer breeze ripples through them makes the Lombardy Poplar especially appealing. F 6 to 8 ft.\$3.50

Betula • BIRCH

Betula alba (EUROPEAN WHITE BIRCH). Very graceful habit and creamy white bark even in the young trees. All B&B. M
6 to 8 ft.\$12.50 | 10 to 12 ft.\$25.00
8 to 10 ft. 20.00 | 12 to 14 ft. 35.00

B. papyrifera (CANOE or WHITE PAPER BIRCH). Beautiful white bark on trunk and older branches peels off in papery layers; great favorite. 8 to 10 ft. \$15.00 | 12 to 14 ft. \$40.00 to \$50.00
10 to 12 ft. 25.00 | 14 to 16 ft. 50.00 to 75.00

Larger specimens priced on selection

B. populifolia (SILVER or GRAY BIRCH). Generally in clumps of two or more white trunks, rising gracefully from the ground. The small leaves quiver at the slightest breeze. All B&B. M
8 to 10 ft. \$15.00 | 12 to 14 ft. \$40.00 to \$50.00
10 to 12 ft. 25.00 | 14 to 16 ft. 50.00 to 75.00

Larger specimens priced on selection

B. pendula gracilis (WEEPING CUTLEAF BIRCH). You'll find grace, charm and beauty combined in this popular tree. Has silvery white bark, graceful drooping branches, small, finely cut leaves; emphasizes the compact lines of evergreens. 6 to 8 ft. hgt. ...\$12.50 | 8 to 10 ft. hgt. ...\$20.00

GINKGO

Ginkgo biloba (MAIDENHAIR TREE). One of oldest things in the world is the Ginkgo Tree. With its single straight trunk and broad, conical head, it is extremely popular. The Ginkgo tolerates unfavorable city conditions and a wide range of soil conditions; withstands wind, and is virtually free from pests. Transplants easily. M 6 to 8 ft.\$15.00
2½ to 3 in. cal., B&B.\$37.50 | 3 to 3½ in. cal., B&B.\$45.00

LOMBARDY POPLAR

Quercus • OAK

The Oaks, especially when they attain size, are the most picturesque of all trees, symbolizing strength and durability. Their yearly growth equals that of almost any other species.

Quercus borealis maxima (RED OAK). Fine, all-round tree with wide-spreading branches; colorful Fall foliage remains on all Winter. M
3 to 6 in. cal.Priced on selection

Q. palustris (PIN OAK). A superb tree distinct in its character. The Pin Oak's graceful, drooping branches support a mass of deeply lobed, sharply pointed leaves. Deep red in Fall. M
2 to 2½ in. cal., B&B.\$35.00 | 3½ to 4 in. cal., B&B.\$85.00
2½ to 3 in. cal., B&B. 45.00 | 4 to 4½ in. cal., B&B.110.00
3 to 3½ in. cal., B&B. 65.00 | 4½ to 5 in. cal., B&B.145.00

THE NEW MORaine LOCUST

(Plant Patent No. 836)

A beautiful, new form of Locust, both thornless and seedless. This vigorous tree grows rapidly, creating light, airy shade quickly. Outstandingly hardy, but prefers sunny, exposed situations.

A most desirable addition to our Shade Tree varieties.
6 to 8 ft.\$10.00 | 8 to 10 ft.\$15.00 | 10 to 12 ft.\$20.00

CRIMSON KING MAPLE

SHADE TREES take 10 to 12 years to grow and now are extremely scarce. We suggest no delay in ordering as they assume even greater importance in landscaping the modern home.

← Crimson King MAPLE

**Acer platanoides
Schwedleri nigra**
(CRIMSON KING
Norway Maple—
Plant Pat. No. 735)

Crimson King is a beautiful form of Schwedler's Maple. Brilliant crimson all through the Summer months. F

6 to 8 ft.\$10.00
6 to 8 ft. B&B. 15.00

3 to 3½ in. cal..... 45.00

WEEPING CHERRIES

Prunus subhirtella pendula (WEEPING JAPANESE CHERRIES). A pendulous form of the well-known Flowering Cherries so admired at Washington, D. C. Bright pink flowers in tremendous profusion in early Spring. S
2 yr., 6 ft. stems, BR.....\$7.50
4 yr., 6 ft. stems, B&B... 15.00

FLOWERING CHERRY (*Prunus Beni Higan*)

FLOWERING TREES—Continued

Rosedale
NURSERIES inc.
EASTVIEW, N. Y.

MAGNOLIA

- M. Soulangeana Alba Superba.** Similar to Soulangeana but with larger, almost white flowers. More upright grower, with rounder leaves. M
3 to 4 ft. hgt. \$10.00 | 4 to 5 ft. hgt. \$15.00
- M. stellata** (STAR MAGNOLIA). Small, broad, rounding habit with star-shaped flowers of pure dazzling white. Hardest and finest of all. S
18 to 24 in. hgt. \$7.50 | 5 to 6 ft. hgt., heavy... \$30.00 to \$35.00
2 to 3 ft. hgt. 12.00 | 6 to 7 ft. hgt., heavy... 40.00 to 50.00
3 to 4 ft. hgt. 15.00 | 7 to 8 ft. hgt., heavy... 50.00 to 75.00
- M. soulangeana lennei.** An outstanding variety with very handsome, big, leathery leaves. Late blooms of deep purple, white inside.
2 to 3 ft. \$7.50 | 3 to 4 ft. \$10.00

Malus • FLOWERING APPLE

No matter what habit of growth you might want, whether upright and regular; full, spreading and mounded; or interestingly irregular, there is a Flowering Crab to please you; no one group of trees offers such wealth of color, fragrance and fruit

- Malus adstringens Hopa.** Erect form, with symmetrical, purple-tinged leaves and large red, single flowers. The dark red fruit of this variety is good for jelly and is most decorative of all varieties. F
4 to 5 ft. hgt. BR. \$4.75 | 5 to 6 ft. hgt. B&B. \$9.00 | 7 to 8 ft. hgt. \$15.00
5 to 6 ft. hgt. BR. 6.00 | 6 to 7 ft. hgt. 12.00 | 8 to 9 ft. hgt. 25.00
- M. Arnoldiana** (ARNOLD CRAB). Semi-double pink flowers opening to white. Yellow fruit. Makes a dense mound of shrub-like growth. M
4 to 5 ft. hgt. BR. \$6.00 | 5 to 6 ft. hgt. B&B. \$12.00 | 6 to 7 ft. hgt. \$15.00
- M. atrosanguinea** (CARMINE CRAB). Single crimson flowers in great profusion. Low-headed tree, spreading habit with slightly twisted branches. M
4 to 5 ft. hgt., BR. \$4.75
4 to 5 ft. hgt., B&B. 9.00
5 to 6 ft., B&B. \$12.00 to 15.00
6 to 8 ft., B&B. 25.00 to 35.00

- M. baccata** (SIBERIAN CRAB). Largest and first to bloom—usually at same time as Japanese Cherries. Pure white blossoms. Yellow fruit dappled with red. Upright. M
6 to 7 ft. B&B. \$15.00 | 7 to 8 ft. B&B. \$20.00

- M. Dolgo and M. Hyslop** (FRUITING CRAB-APPLES). Beautiful, ornamental trees with light pink blooms that yield, in addition, handsome red, rich-flavored fruit. Superb for ruby-red jelly and preserving. Excellent landscape specimens,
2 yr., 5 to 6 ft. \$2.50 | 2 to 2½ in. cal. \$30.00
3 to 3½ in. cal. \$35.00 to \$40.00

- M. Eleyi** (ELEY CRAB). A mass of crimson blooms; bronzy foliage turning bright red in Fall. Heavily laden with bunches of shining crimson fruit. M
5 to 6 ft. B&B. \$12.00 | 6 to 7 ft. B&B. \$15.00

- M. Scheideckeri** (SCHEIDECKER'S CRAB). Very early, double bright pink blossoms. Bears waxy, yellow, cherry-like fruit. Distinctly upright. Slender. M
5 to 6 ft. hgt., BR. \$4.75
4 to 5 ft., B&B. 7.50
5 to 6 ft. hgt. \$9.00 | 6 to 7 ft. hgt. \$12.00

- M. Spectabilis** (CHINESE CRAB). A shapely tree; good shiny foliage and fragrant, semi-double delicate pink flowers; pale yellow fruit. M
4 to 5 ft. hgt., B&B. \$7.50
5 to 6 ft. hgt. 10.00

Oxydendrum arboreum • SORREL TREE

A comparatively dwarf tree bearing an abundance of white flowers in Midsummer with foliage several shades of red and crimson in Fall. Seldom seen in the Fall without being admired. M
3 to 4 ft. hgt. \$7.50 | 5 to 6 ft. hgt. \$12.00
4 to 5 ft. hgt. 9.00 | 6 to 7 ft. hgt. 15.00

Larger Specimens priced on selection

FLOWERING PLUM

- Prunus Thundercloud** (PURPLELEAVED PLUM). The best of the Flowering Plums, having cheerful, purple foliage and tiny pink flowers. A fine addition to your landscape picture.
5 to 6 ft. hgt., BR. \$5.00 | 5 to 6 ft. hgt., B&B. \$7.50

All Flowering Trees are balled and burlapped (B&B) except as marked bare root (BR)

For Planting Instructions, please see page 26, for B&B material and page 27 for BR material

FLOWERING PLUM (Prunus Thundercloud)

Sorbus • MOUNTAIN ASH

Sorbus Aucuparia (EUROPEAN MOUNTAINASH). Well formed tree with small leaves and bearing large clusters of orange-red berries. Grows especially well in this area. A great attraction to birds. M

- 6 to 8 ft. hgt., BR. \$4.75
6 to 8 ft. hgt., B&B. 9.00
8 to 10 ft. hgt., BR. 7.50
8 to 10 ft. hgt., B&B. 12.00

Styrax japonica JAPANESE STORAX

Pure white, sweet-scented little bell-shaped flowers hang all along the branches in June, creating a charming, graceful effect. A handsome, spreading type of large shrub or small tree with glossy leaves seldom growing taller than 15 feet. A good lawn specimen.

- 3 to 4 ft. hgt., B&B. \$7.50
4 to 5 ft. hgt. 10.00

WISTERIA TREES

Wisteria sinensis. Racemes of flowers so cover the pendulous branches as to transform the head of the tree into a cloud of delicate coloring. (Wisterias prefer sunny locations and severe pruning enhances blooming). M

Pink, Purple, or White. 5 to 6 ft. \$12.00
